**Subject:** Re: Questions Surround Hangar42 Studio Deal

I was expecting this, we'd been forewarned. I feel completely responsible after encouraging the Gov to mention this project. They've received not a penny but perception is all. If it will help, I'm happy to claim fault and deflect it from the front office. So disappointing, it looked so promising. But its not. This time I am agreeing with the Mac Center.  
J
